**CURRENT URGENT MATTER  
"BIG BINGO" IS ON ITS WAY TO LYNWOOD!!!!**

Recently "THE GREAT CASINO CAMOUFLAGE" appeared in several newspapers and magazines outlining the slow but steady process that Tribal Casino's initiate to finally infiltrate a village, town, city or state. Not only is the VILLAGE OF LYNWOOD mentioned in the article but the author also helps to reveal the chronological stage that the Ho-Chunks are at in our village. IT IS ULTRA IMPORTANT that you click on the article name above or scroll to the end of this page AND READ THIS ARTICLE. Without this and future knowledge you will be ill-equipped to oppose effectively that which is upon our threshold.

After you have read the article, pay close attention to how the next stage of the plan is playing out. PAY ATTENTION!!!! During the middle part of this prior week Red & White Lawn Signs were placed on property owned by the Ho-Chunks on Glenwood Lansing Road announcing the Grand Opening of BINGO 4-U Inc. at the Ho-Chunk Sports Complex. According to a BINGO 4-U Inc. representative, this exciting new business endeavor will open in late August or early September.

When will the business Operate?

Answer: Monday through Saturday - Rain or Shine

How many Bingo 4-U sessions will be offered per day?

Answer: There will be three (3) sessions per day, eighteen (18) per week.

What happens when you call the advertised business number 708-323-0228?

Answer: You're given all the information you want and added to the mailing list if you so desire.

Why wasn't any of this mentioned in our Lynwood Summer Newsletter?

Answer: The current Lynwood Village Board is a non-democracy.

What do we know thus far?

Answers:

We know that BINGO 4-U Inc. is a legal Illinois Corporation in Good Standing.

We know they were incorporated in 1999.

We know their file number is 60738785.

We know the owner is Kenneth Lo Bianco of 3407 N. Pioneer in Chicago, Illinois.

You see friends, this is yet a further attempt to achieve what the Lynwood Village Board has desired all along--A TRIBAL CASINO IN LYNWOOD!!!

Here's the Scenario

Undoubtedly, the appeal will first be made to the large number of Seniors and Retirees in

Lynwood and the surrounding area.

The Seniors will be lured by transportation incentives, lunches & discounts.

Having successfully exploited the Seniors, the large numbers (actual figures) will be used as human collateral and justification that not only shows a desire for gambling in Lynwood but will also prove a financially stable market for it as well. (This is the purpose of creating a mailing list of clientele)

These numbers and statistics will then be used on a Federal Level to prove that Lynwood is not opposed to Gambling but rather is hungry & thirsty for it.

This is one of the identical tricks the Ho-Chunks played at one of their Wisconsin locations.

**WHAT SHOULD WE DO NOW!!!**

In a very Polite and Respectful manner, we must call our

State Legislators and say,

**IT HELPS TO PROVIDE YOUR NAME AND ADDRESS BUT IT'S NOT MANDATORY**

"We do not want Bingo or any other form of Gambling in our Neighborhood"
